Applauding Children's Diaries

It is such a pleasure to have seen the work the children have done on their Lamb or Calf Diaries. The quality of work is outstanding. Well done! A story from one of the diaries follows:

The Truth About Keiko (Japanese for blessed/joyful child) the Calf

Keiko has the most extraordinary personality! We always have fun when we are together. If you are around Keiko you know there's never going to be a dull moment. When I am milking the cow Keiko will come up behind me and lay her chin just below my shoulder blades to let me know she wants me to scratch her chin or neck!! Whenever I take her for walks, she will insist that we jump the stumps, creek and logs. She guides me to the deepest end of the puddles, walks or runs through them, and ends up the muddiest she could ever get.

I love Keiko and Keiko loves me. That's what makes her so special!!
